
Guest Lecture on Career Skills, Communication Skills, Soft Skills & Positive Attitude

 **Date:** 30 July 2026

 **Venue:** Seminar Hall, AAR Mahaveer Engineering College

AAR Mahaveer Engineering College successfully organized an inspiring **Guest Lecture on 30th July 2026** on the topic "**Career Skills, Communication Skills, Soft Skills & Positive Attitude.**" The session was delivered by **Mr. Karthik Oruganti**, a renowned professional trainer, to equip students with the essential skills required for academic excellence, professional success, and personal growth.

The program witnessed the enthusiastic participation of approximately **160 students** from the **EEE, ECE, CSE, and CSM** departments.

The event was inaugurated by **Dr. S. Sudhakara Reddy, Principal**, who welcomed the guest speaker and emphasized the importance of communication skills, leadership, teamwork, emotional intelligence, discipline, and a positive attitude in shaping successful careers. He encouraged students to continuously enhance their life skills to meet the expectations of the corporate world and become future-ready professionals.

Mr. Karthik Oruganti conducted a highly interactive and motivational session covering topics such as **effective communication, entrepreneurship, the transition from campus life to corporate life, professional self-introduction, personal branding, and the importance of soft skills and a growth mindset.** Through practical examples, real-life experiences, and engaging activities, he inspired students to develop confidence, leadership qualities, and professional competence.

Students actively participated throughout the session and appreciated the valuable insights shared by the speaker. The lecture concluded with an interactive question-and-answer session followed by a vote of thanks.

Key Outcomes

- Enhanced communication and interpersonal skills.
- Better understanding of entrepreneurship and career opportunities.
- Improved awareness of corporate expectations and workplace professionalism.
- Increased confidence in self-introduction, personal branding, and leadership.

- Motivation to develop employability skills, emotional intelligence, and a positive attitude.

The guest lecture reflects **AAR Mahaveer Engineering College's** commitment to holistic education by preparing students with the professional competencies and life skills necessary to become successful engineers, leaders, and responsible citizens.
